Welcome New scouts!

We are proud to accept many new scouts to the troop. The new scouts went on new scout trip. There the older scouts teach them how to cut wood, tie ropes or even cure 3rd degree burns! Our new scouts have been gladly accepted as one of the troop.

On April 27th all of the scouts went to camporee to compete in the games of TV Land! There was so many people there. The people were very excited to compete there was a tomahawk throw contest (don't try that at home scouts!). When the campfire came the scouts were at rest as they saw all the skits. That night they had settled in to their tents and headed for home in the morning.
