The Klondike is abounding in competition!

✕ *The Big Story* ✕

This is the story of what has happened on klondike!

ON THE 23 OF FEBRUARY WE LEFT FOR KLONDIKE...

When we got there we unpacked all our bags and equipment and after about two to three hours we finally slept.

The next morning we ate a delicious breakfast and headed for the games; like Hot Rock or the Knot Snow Funny Relay Race. At about 1:00 the weather took a turn for the worse, it started to snow and it was very windy so we quickly packed up, ate, and went to the sled race where the competition was so fierce, that some people even got hurt! Even though none of

us won anything we still left for home happy through all rain, hail, sleet, and snow about 5 hours!
